Columbia 6000 Dysphagia Device & Columbia Scientific Electrodes

“Superior electrodes at an affordable price”

For over 20 years, Columbia Scientific has been your partner providing products for the treatment of Dysphagia. You’ve seen Columbia help commercialize VitalStim Therapy™ and you’ve used the broadest selection of electrodes available in your practice from Columbia Scientific.

NOW AVAILABLE... the **Columbia 6000** Dysphagia Device with the same familiar protocol, but at a fraction of the price!

Columbia 6000 Dysphagia Device priced under \$1000 (includes both pigtail and mini-snap leadwires)

And low cost Columbia Dysphagia Electrodes.

PLUS: 7 styles of electrodes available

- Choice of “pigtail” electrode connection to leadwires for easy set-up or familiar “mini-snap” electrode connection with or without a butterfly patch
- Low impedance for greater comfort
- Single Patient/Multiple Application use
- All electrodes come with a set of either pigtail or mini-snap leadwires to connect to all VitalStim devices
